

# CDM 15... still unclear?

Are **Clients** aware of their duties?

Can **Designers** fulfil the requirements of the  
Principal Designer role?

Are **Principal Designers** actually appointed?

Are **Construction Phase Plans** completed for  
small or short duration work?

Are **Principal Contractors** being appointed on  
domestic projects?

Over two years since the advent of the Construction (Design & Management) Regs 2015 (CDM15), are the changes actually understood in practice?

To assist in understanding CDM15 and to realise that most situations actually can have easy and practical solutions, we are holding two open seminars...

**23<sup>rd</sup> January 2018, 8.30am – 12.30pm**

**Practical Advice and Solutions for Clients, Principal Designers and Designers**

**23<sup>rd</sup> January 2018, 1.30pm – 5pm**

**Practical Advice and Solutions for Principal Contractors and Contractors**

Each seminar will explore the changes and current requirements in detail, the difficulties encountered, examples of how requirements have been approached, and how the unofficial role of 'CDM Advisor' can be used to help you.

Each seminar is aimed at a specific sector within the construction industry; however, there will be many businesses that encompass several or all roles.

**Half day £60 + VAT per person**

**Full day £100 + VAT per person**

To book your place, please contact Vicki Brown on 01982-885885 or [vicki@wenlockhs.co.uk](mailto:vicki@wenlockhs.co.uk)
